Yintech has received approval from the Securities and Futures Commission of Hong Kong (the “SFC”) for the proposed transaction.

As a licensed corporation permitted to carry on Type 1 regulated activity (dealing in securities) under the Securities and Futures Ordinance, Forthright Securities is regulated by the SFC and provides brokerage services to individual and institutional customers for a variety of securities and financial products traded on global capital markets, including stocks, bonds and ETFs. The proposed transaction is expected to be completed in October 2017 for a total consideration of approximately US\$2.1 million, subject to customary closing conditions and adjustments.

With Forthright Securities’ proprietary mobile apps, customers will be able to trade around the clock on global capital markets and enjoy customized one-on-one services. I am confident that our deep understanding of, and extensive experience in serving, Chinese individual investors will allow us to further differentiate ourselves in this rapidly growing yet highly competitive market.”
